Location: Microsoft Teams Meeting
Start: 1/13/2021 8:30:00 PM
End: 1/13/2021 9:00:00 PM
Show Time As: Busy

Hi,

We wanted to let you know that we approved the registrations for the orange and grapefruit uses for aldicarb, yesterday evening; although we are sure that you are already aware by now. Our science reviews and decision memo are in the Docket (EPA-HQ-OPP-2020-0600) and the labels should already be available on PPLS (87895-2, -4, -7).

We were hoping that we could meet quickly again so that we can thank you for the many great discussions we had leading to the EPA's determination and approval of these uses. These calls were extremely helpful and provided us with much needed information and understanding regarding some of Florida's issues. We hope we can continue to have these types of calls and discussions as we move forward with this chemical or others.

If you can join the call today, we will thank you virtually.

If you are unable to join the call today, please feel free to reach out to either of us (Shanta or Debra) if you have any questions or concerns as Florida moves forward with your state registration reviews.

Thank you again.
Shanta and Debra
